I specifically look at a paternalistic rhetoric and to what extent Elizabeth and Henri used the rhetoric of a father to legitimate their authority. The Disney version of the characters also appears in variety of other Disney media, also making some cameo appearances in other works such as the film Annie Hall.

As the first book-length examination of the role of German print culture in the  
Enter your email address below and we will send you your username. As the field continues to grow, we can expect to see more dissertations, articles, conference presentations, and monographs that ponder questions of women and the exercise of power—political, economic, familial, and religious, among others—in the Middle Ages and propel the discourse on queens and queenship even. Chapter three examines the power and authority that Joanna, Queen of Sicily –89 gained during her lifetime. Women had no place in this schema. Carney Jo Eldridge. The article is part of a larger project on how the representations of earlier queens such as Elizabeth – but others as well – were used in the Stuart Age.
