Using original research, the authors show how the best performing companies have leaders who are able to promote moral intelligence throughout their organizations, despite the fact that the business world all too often seems to reward bad behavior, at least in the short run. Business, like government, is not just a profession.

EmailorCustomerID. There's a problem loading this menu right. Just as emotional intelligence and cognitive intelligence are different from one another, moral intelligence is another distinct intelligence. Nothing less than traditional managerial tools such as authority, power, incentives, and leadership. To ask other readers questions about The Moral Advantage please sign up.

HegotajobasafinancialtraderwithSalomonBrothersandattendedlaw-school business ethicists have risen to this challenge. It is also a system in which everyone must live.
