It is a total change in the role of the doctor if killing patients becomes part of  
Cambridge: Cambridge University Press, Most patients who receive euthanasia are in the final stages of a malignant disease. Click here for the subscription page. A respected Dutch-language medical journal recently reported that an year-old had died via medically assisted suicide for psychiatric problems. This sad outcome does not, however, show that all is well with the Dutch approach to assisted death—or that fears of a slippery slope are merely alarmist.
